## SOCAL PRE

### APPRENTICESHIP

## Month in Review

The month of November witnessed SoCal Pre Apprenticeship Program host the first annual Apprenticeship Fair during National Apprenticeship Week. It was a successful event with four local Registered Apprenticeship Programs interacting with the many local community members that attended. Community members had the chance to interact and learn from program representatives and their respective programs. We hope to continue finding ways to bridge the gap between our community members and the trades industries!

### Program Expansion

## BRIDGING THE GAP

### About SoCal Pre Apprenticeship

### Cohort 2 Participant Highlights

Southern California Native, Jorge has spent many years in San Ysidro attending school and most recently relocated to Chula Vista. Eager to establish a career path with the goal of someday becoming a commercial electrician, Jorge plans to pursue an electrician apprenticeship once he completes the SoCal Pre Apprenticeship Program.

Native to San Diego, Eduardo is a dedicated father, determined to be a strong and positive role model for his child. As he worked at the shipyards Eduardo was curious about and inspired to become a welder. Through the SoCal program, Eduardo is dedicated to prepare himself for his future career in welding.

### Case Manager's Message

It was such a pleasure to work with this cohort. I've seen some struggles and I've seen the progress they've made. I would like to let them know that I am proud of every one of them, I cannot wait for the next chapter of their lives. Lastly, I would like to end with this; you never know how strong you are. Until being strong is the only option you have.
