I am writing to bring to your attention the critical needs of the SoCal Pre-Apprenticeship Program, a social advocacy organization dedicated to empowering, educating, and supporting our community by enhancing the employment prospects of individuals in Southern California. Our program is designed to cater to underserved communities, with a particular focus on youth, justice-impacted individuals, women, and veterans.

The demand for skilled workers in Southern California is on the rise, with substantial job opportunities projected in various industries from 2022 to 2032. This surge is driven by the growing need for a skilled workforce and the necessity to replace retiring professionals. The SoCal Pre-Apprenticeship Program aims to bridge this gap by connecting individuals from underserved backgrounds to high-quality job opportunities and promising careers. We do this by providing comprehensive pre-apprenticeship training, equipping participants with the skills and knowledge they need to excel in their chosen fields.

Our mission is to establish a clear and accessible pathway for underserved individuals to advance in their careers through pre-apprenticeship training, ultimately leading to high-quality employment and rewarding careers. To achieve this mission effectively, we have identified several essential needs that are critical to our program's success. These needs include providing wrap-around support services to our participants, ensuring they can concentrate on their education and career development. These services will alleviate some of the financial burdens they may face, including food assistance, stipends, clothing vouchers, childcare support, and assistance with transportation costs.

We kindly seek your support in addressing the vital needs of our SoCal Pre-Apprenticeship Program, particularly in offering wrap-around services to individuals hailing from underserved communities, including youth, justice-impacted individuals, women, and veterans. Your contribution, whether financial, in-kind, or through potential partnerships, can significantly empower these individuals and leave a lasting impact on their lives while enriching the workforce in Southern California.

Thank you for considering our request, and we look forward to any potential collaboration in the near future.

Sincerely,

Wanda Rogers
